## Staff Report

Date: February 15, 2017  
To: Lemoore Recreation Commission  
From: Margarita Ochoa, Lemoore Police Department  
Subject: Adopting Ordinance 2017-XX

**ITEM: 2.4**

### Subject/Discussion:

The Lemoore Police Department and Community Services Department have been working together in order to design new signs to educate citizens of the operating hours of the skate park. Before the signs are fabricated and installed, a revision of the current ordinance is necessary.

The project was initially started after a number of vandalisms to the skate park resulted in the closure of the skate park for repair. Currently, the Lemoore Police Department enforces the skateboard ordinance by either citation or verbal warning. The recommended changes to the ordinance are not intended to deprive the skating community from the park. The intention of this action is to create a safer environment for members of our community who currently use the park and to set clear guidelines for the hours of operation, and general use rules associated with the park.

### Alternatives or Pros/Cons:

#### Pros:

- Creates a safer environment
- Provides clear set of guidelines for use of the park

#### Cons:

- Reduces hours of operation

### CITY STAFF RECOMMENDATIONS:

City staff is recommending that the Lemoore Parks and Recreation Commission recommend to the Lemoore City Council to adopt ordinance 2017-XX.

Respectfully submitted:

Margarita Ochoa, Lemoore Police Department

**ITEM: 2.5**

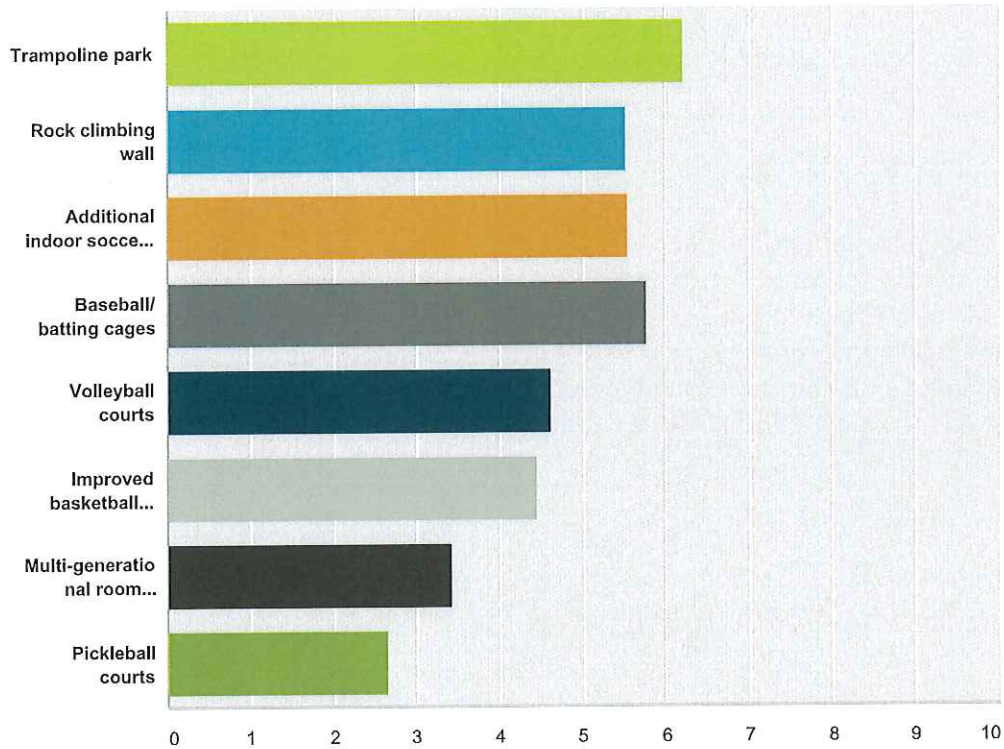

**Subject/Discussion:**

In the fall of 2016, the City of Lemoore formed a Volunteer Director's Committee to create a master plan for the Cinnamon Municipal Complex (CMC). The committee formulated a series of questions based on ideas and concerns they had identified through observation and discussions with patrons. Utilizing these questions, the committee then created a survey to distribute to the citizens of Lemoore. The survey has been circulating via social media outlets, email lists, and Survey Monkey since mid-December. Additionally, staff has been collecting survey responses in the evenings during programs and open play sports. The survey will remain available through the end of February 2017. As of today, we have had 185 responses. Attached you will find the most current results for the CMC master plan.
